

Saturday, March 19, 2005

Seminars

7:00 am to 8:00 am

Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. Fee: \$40. Breakfast included. Sessions and meals limited to 25 people.

2001 Early Intervention for Asthma

James E. Gern, MD FAAAAI

Robert F. Lemanske Jr., MD FAAAAI

Planning Group: ADT Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss current NAEPP guidelines and relate the pros and cons for aggressive and early pharmacotherapeutic intervention in newly diagnosed asthmatics.

2002 ABPA Update

Paul A. Greenberger, MD FAAAAI

Alan P. Knutsen, MD FAAAAI

Planning Group: ADT Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Describe state of the art therapy of ABPA, the role of antifungals and the relationship of ABPA with Cystic Fibrosis.

2003 Evaluation of Patients with Recurrent Infections

Elizabeth A. Secord, MD FAAAAI

Thomas A. Fleisher, MD FAAAAI

Planning Group: BCI Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Identify patients who should be evaluated for immune deficiency; Select the proper screening tests; Interpret the results of the tests.

2004 Threshold Doses for Indoor Allergen Exposure

Peyton A. Eggleston, MD FAAAAI

Ulrich Wahn, MD

Planning Group: EORD Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss methods used to assess environmental and occupational allergen exposure; Describe how threshold exposure levels for various allergens have been defined; Discuss whether knowledge of allergen thresholds can help management of asthma and atopic dermatitis patients.

2005 Allergic Reactions to Vaccines

John M. Kelso, MD FAAAAI

John W. Yunginger, MD FAAAAI

Planning Group: FADDA Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand and evaluate allergic reactions to vaccines.

2006 When to Start and Stop Venom Immunotherapy-Challenging Cases

David B. K. Golden, MD FAAAAI

Robert E. Reisman, MD FAAAAI

Planning Group: FADDA Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Determine when to initiate and when to discontinue venom immunotherapy.

2007 Problem Cases in Latex Allergy

B. Lauren Charous, MD FAAAAI

N. Franklin Adkinson Jr., MD FAAAAI

Planning Group: FADDA Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Evaluate problem cases in latex allergy.

2008 Office Management of Multiple Antibiotic Sensitivity

Fanny Silviu-Dan, MD FRCPC

Timothy J. Sullivan, MD

Planning Group: FADDA Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Develop an approach to managing patients with multiple antibiotic sensitivities.

2009 Eosinophilic Esophagitis

Amal H. Assa'ad, MD FAAAAI

Planning Group: BCI Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand principles of mucosal immunity; Learn pathogenesis of eosinophilic esophagitis; Discuss possible links with food allergy.

2010 Allergy and Asthma in Older Adults

Carol A. Saltoun, MD

Monroe J. King, DO

Planning Group: ADT / RSOD Interest Sections

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss the challenges associated with recognizing and diagnosing late onset allergic rhinitis and asthma; Know principals of drug therapy in older adults; Differentiate allergic rhinitis and asthma from other conditions in older adults.

2011 Advances in Our Understanding and Therapy of HIV Infection

William T. Shearer, MD PhD FAAAAI

Planning Group: BCI Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss advances in pathogenesis of HIV infections; Discuss advances in therapy of HIV infection.

2012 NK Cells in Health and Disease

Jordan Orange, MD PhD

Jonathan Heusel, MD

Planning Group: BCI Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand the role of NK cells in immunity; Discuss the role of NK cells in disease; Select tests for evaluation of NK cells.

Saturday, March 19, 2005

2013 Does Biologic Function Affect Allergenicity?

G. Edward Stewart II, MD FAAAAI

Anna Pomes, PhD

Planning Group: EORD Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss the structure and biologic function of allergens; Discuss the pro-inflammatory effects of enzymatically active allergens; Discuss whether biologic function of allergens can exert synergistic effects on IgE responses.

2014 An Immunologist's Perspective on Immunotherapy

Judith A. Woodfolk, MBChB PhD

Mark Larche, PhD

Planning Group: EORD Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand the molecular and cellular basis of the immune response to allergens; Describe factors that influence T cell differentiation and how knowledge of such pathways can be applied to immunotherapy.

2015 Methodologic Considerations in Design and Implementation of Randomized Controlled Clinical Trials

Eli O. Meltzer, MD FAAAAI

Planning Group: EORD Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand principles of RCT design and implementation.

2016 What does Qualitative Research Tell Us about Our Patients? A Focus on Focus Groups.

Bruce G. Bender, PhD

Maureen R. George, PhD RN AE-C

Planning Group: HCEDQ Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Introduce the participants to new and highly accessible methods for gathering important information about their patients without breaching confidentiality.

2017 Perspectives on Gene Therapy in Asthma

Shyam S. Mohapatra, PhD FAAAAI

Mark C. Glaum, MD PhD

Planning Group: ADT / MAAI Interest Sections

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand rationale for gene therapy in asthma; Understand future role for gene therapy in asthma.

2018 Chronic Urticaria/Angioedema Update

Allen P. Kaplan, MD FAAAAI (2005 Honorary Fellow)

Burton Zweiman, MD FAAAAI

Planning Group: FADDA / MAAI Interest Sections

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand the latest developments in the pathogenesis and management of chronic urticaria/angioedema.

2019 Novel Approaches to Allergen Challenge

Wanda Phipatanakul, MD FAAAAI

Robert A. Wood, MD

Planning Group: RSOD Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Describe new approaches in allergen challenge, discuss allergy exposure units, cat chamber and park studies.

2020 Pathogenesis and Treatment of Nasal Polyps

Paul B. Van Cauwenberge, MD PhD

Sheldon L. Spector, MD FAAAAI

Planning Group: RSOD Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss the pathogenesis of nasal polyps; Describe scoring techniques in the quantitation and followup of nasal polyps; Discuss medical and surgical management of polyposis.

2030 Allied Health Seminar: Allergy and Asthma in the Workplace

David I. Bernstein, MD FAAAAI

Planning Group: Allied Health Annual Meeting Program Committee

Credit: 1.25 CME / 1.50 CE

Upon completion of this session, participants should be able to: Recognize the causes of occupational allergies and asthma; Describe the evaluation of workers with occupational allergies and asthma; Identify effective strategies to treat and prevent occupational asthma.

2031 Allied Health Seminar: Mechanisms of Allergy - A Review

Roland Solensky, MD FAAAAI

Planning Group: Allied Health Annual Meeting Program Committee

Credit: 1.25 CME / 1.50 CE

Upon completion of this session, participants should be able to: Discuss the Pathophysiology of Allergic Disease.

2032 Allied Health Seminar: Pharmacology Update - Asthma Medications

Christine A. Sorkness, PharmD

Planning Group: Allied Health Annual Meeting Program Committee

Credit: 1.25 CME / 1.50 CE

Upon completion of this session, participants should be able to: Describe the newest drug therapies for asthma; Describe the mechanisms of new drug therapies; Identify potential risks and benefits of new drug therapies.

2033 Allied Health Seminar: Update on Environmental Controls

Karen A. Callahan, MS RN AE-C

Planning Group: Allied Health Annual Meeting Program Committee

Credit: 1.25 CME / 1.50 CE

Upon completion of this session, participants should be able to: Identify environmental allergens and irritants that may trigger asthma exacerbations; Describe current primary and secondary environmental control recommendations to reduce allergen exposure; Describe ways to tailor your environmental control teaching and improve patient adherence.

Saturday, March 19, 2005

2034 Symposium

7:00 am to 8:15 am

No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.

Planning Group: Allied Health Annual Meeting Program Committee

Credit: 1.25 CME / 1.50 CE

Medical Administrators (MA) Morning Symposium

Moderator: Julie N. Stull, MA-HLTH

Co-Moderator: Lisa A. Maxwell

7:00 Introduction

Julie N. Stull, MA-HLTH

7:05 Risk Reduction Strategies for the Allergy Practice

Speaker to be determined.

8:00 Q&A

Upon completion of this session, participants should be able to: Review health care risk management to improve the quality of patient care and reduce the frequency and severity of malpractice claims.

2101 Plenary Session

8:15 am to 11:00 am

No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.

Planning Group: Plenary Subcommittee

Credit: 2.90 CME / No CE

Atopy: Nature and Nurture

Moderator: Andrew H. Liu, MD

8:15 Welcome and Introduction

Andrew H. Liu, MD

Michael Schatz, MD MS FAAAAI

8:25 Gene - Environment Interactions

Carole Ober, PhD

8:52 Epigenetics in Human Disease

Victor Lobanenkov, PhD

9:19 How to Control Allergies and Asthma? The Role of Regulatory T Cells and NKT Cells

Dale T. Umetsu, MD PhD FAAAAI

9:46 Break

10:06 Epithelial Cells - Linking Exposures and Immune Responses

Michael J. Holtzman, MD

10:33 Environmental Modulation of Allergic Disease

David B. Peden, MD FAAAAI

Poster Sessions

Authors Present: 11:00 am to 12:00 pm

Poster Hall Hours: 8:00 am to 4:30 pm

No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.

Credit: 1.0 CME / No CE

Session titles and abstracts to be determined.

Allied Health Member Forum

12:15 pm to 1:15 pm

All AAAAI Allied Health Members should attend their member forum. Box lunches will be provided.

2401 State-of-the-Art Session — NEW FORMAT

12:15 pm to 1:15 pm

Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. No fee. Lunch included.

Planning Group: ADT Interest Section

Credit: 1.00 CME / No CE

Non-Invasive Measures of Airway Inflammation

Moderator: Leonard B. Bacharier, MD FAAAAI

Speaker to be determined.

2402 State-of-the-Art Session — NEW FORMAT

12:15 pm to 1:15 pm

Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. No fee. Lunch included.

Planning Group: BCI Interest Section

Credit: 1.00 CME / No CE

Overview and Clinical Applications of Cytokines and Their Receptors

Moderator: Dhavalkumar D. Patel, MD PhD FAAAAI

Speaker: Thomas A. Waldmann, MD FAAAAI

2403 State-of-the-Art Session — NEW FORMAT

12:15 pm to 1:15 pm

Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. No fee. Lunch included.

Planning Group: EORD Interest Section

Credit: 1.00 CME / No CE

Immune Regulation, The Environment and Asthma

Moderator: Martin D. Chapman, PhD FAAAAI

Speaker: Thomas A.E. Platts-Mills, MD PhD FAAAAI

2404 State-of-the-Art Session — NEW FORMAT

12:15 pm to 1:15 pm

Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. No fee. Lunch included.

Planning Group: FADDA Interest Section

Credit: 1.00 CME / No CE

Practical Approach to the Patient with Multiple Drug Allergies

Moderator: Eric M. Macy, MD FAAAAI

Speaker: Rebecca S. Gruchalla, MD PhD FAAAAI

Saturday, March 19, 2005

2405 State-of-the-Art Session — NEW FORMAT

12:15 pm to 1:15 pm
Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. No fee. Lunch included.
Planning Group: HCEDQ Interest Section
Credit: 1.00 CME / No CE

Integrated Digital Health Record in the Physician's Office

Moderator: Richard L. Wasserman, MD PhD FAAAAI
Speaker: Charles J. Jaffe, MD PhD

2406 State-of-the-Art Session — NEW FORMAT

12:15 pm to 1:15 pm
Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. No fee. Lunch included.
Planning Group: MAAI Interest Section
Credit: 1.00 CME / No CE

New Paradigms in Immune Regulation of Inflammation: Implications for Asthma and Allergic Diseases

Moderator: Rafeul Alam, MD PhD FAAAAI
Co-Moderator: Redwan Moqbel, FRCPath, FAAAAI
Speaker: Ruslan Medzhitov, PhD

2407 State-of-the-Art Session — NEW FORMAT

12:15 pm to 1:15 pm
Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. No fee. Lunch included.
Planning Group: RSOD Interest Section
Credit: 1.00 CME / No CE

Novel Approaches to Immunotherapy: 100 Years Later

Moderator: Linda Cox, MD FAAAAI
Speaker: Stephen R. Durham, MD

Seminars

12:15 pm to 1:15 pm
Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. Fee: \$40. Lunch included. Sessions and meals limited to 25 people.

2410 **A Clinician's Approach to SCUBA Diving and Asthma**

Frank J. Twarog, MD PhD FAAAAI
David M. Lang, MD FAAAAI
Planning Group: ADT Interest Section
Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand the controversies surrounding scuba diving with asthma; Advise patients with asthma and allergies about SCUBA.

2411 **Treating Moderate-Severe Asthma in Children**

Bradley E. Chipps, MD FAAAAI
Planning Group: ADT Interest Section
Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss treatment strategies and compliance issues in children with moderate-severe asthma, including those pertaining to safety of inhaled steroid; Relate differential diagnosis in children with moderate-severe asthma.

2412 **Anti-B Cell Therapy with Rituximab**

Yamou Deniz, MD FAAAAI
John S. Sundry, MD PhD
Planning Group: BCI Interest Section
Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss the mechanism of action of rituximab; Discuss the diseases for which to use rituximab; Discuss the potential side effects of rituximab therapy.

2413 **Evaluation of Hoarseness and Other Laryngeal Disorders**

Stephen A. Tilles, MD FAAAAI
Allen D. Adinoff, MD FAAAAI
Planning Group: ADT / RSOD Interest Sections
Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss hoarseness and its etiologic factors; Discuss the evaluation of laryngeal disorders; Discuss treatment strategies; Discuss vocal cord dysfunction and its relation to asthma.

2414 **Diagnostic Testing for Food Allergy: Skin, CAP RAST, Oral Challenge**

Hugh A. Sampson, MD FAAAAI
Timothy K. Vander Leek, MD
Planning Group: FADDA Interest Section
Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand the strengths and limitations of skin testing, RAST analysis and oral challenges in the diagnosis of food allergy.

2415 **Differential Diagnosis of an Eczematous Eruption**

Ernest N. Charlesworth, MD FAAAAI
Luz S. Fonacier, MD FAAAAI
Planning Group: FADDA Interest Section
Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand differential diagnosis of an eczematous eruption.

2416 **Management of TEN/SJS**

Paul A. Greenberger, MD FAAAAI
Anju Tripathi, MD
Planning Group: FADDA Interest Section
Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Manage TEN and SJS.

Saturday, March 19, 2005

2417 Medical and Surgical Management of Chronic Rhinosinusitis

Claus Bachert, MD PhD

Michael A. Kaliner, MD FAAAAI

Planning Group: RSOD Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss medical management of chronic sinusitis; Discuss diagnosis and imaging techniques in investigating chronic sinusitis; Discuss various medical and surgical strategies in the treatment of chronic rhinosinusitis.

2418 Diagnosis and Management of Ocular Allergy

Leonard Bielory, MD FAAAAI

Mitchell H. Friedlander, MD

Planning Group: RSOD Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss diagnosis of ocular allergy; Discuss management options in allergic conjunctivitis including topical and systemic treatment options.

2419 Allergens in Indoor Environments: Identification and Removal

Robert K. Bush, MD FAAAAI

Enrique Fernandez-Caldas, PhD

Planning Group: EORD Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Identify common indoor allergens; Discuss procedures for measuring allergens; Describe best practices for environmental allergen control.

2420 Role of Newly Emerging NKT Cells in Skin Allergies and Asthma

Speaker to be determined.

Planning Group: ADT / FADDA Interest Sections

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand role of NKT cells in pathophysiology of skin allergy and asthma.

2421 AID: Master Gene for Generating Antibody Diversity

Marianne Frieri, MD PhD FAAAAI

Planning Group: BCI Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss the mechanisms of generating antibody diversity; Discuss the role of AID in isotype switching; Discuss the role of AID in somatic hypermutation.

2422 Engineered Hypoallergens for Immunotherapy

Fatima Ferreira, PhD

Planning Group: EORD Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand how structural modifications can be introduced into allergen molecules; Describe how allergen variants with reduced IgE binding can be used in immunotherapy.

2423 Advanced Research Seminar: Innate and Adaptive Immune Responses in the Skin

Cezmi A. Akdis, MD

Mubeccel Akdis, MD PhD

Planning Group: FADDA / MAAI Interest Sections

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Recognize innate and adaptive immune responses in the skin.

2424 The Role of Chemokines and Adhesion Molecules in Allergic Inflammation

David H. Broide, MD FAAAAI

Nives Zimmermann, MD

Planning Group: MAAI Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand the role of chemokines and adhesion molecules in allergic inflammation.

2425 Novel Allergy Therapeutics

Wesley Burks, MD FAAAAI

L. Karla Arruda, MD

Planning Group: EORD Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Discuss application of biotechnology to developing new allergy therapeutics; Discuss novel allergy therapeutics that are being developed, including chimeric allergens, modified allergens and oligonucleotide vaccines; Describe how these technologies will improve allergy treatment.

2426 Healthy People 2010: Acknowledging Cultural Diversity in Asthma Care

Andrea J. Apter, MD MSc FAAAAI

Michael B. Foggs, MD

Planning Group: ADT / HCEDQ Interest Sections

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Explore the concept that no single approach is sufficient to address the complexities of good health care; Introduce the participants to specific barriers to successful outcomes that can be overcome by culturally sensitive approaches to care.

2427 Airway Remodeling in Asthma

Reynold A. Panettieri Jr., MD

Planning Group: ADT Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand mechanisms and consequences of airway remodeling in asthma and current means of assessing airways remodeling.

2428 Immunology of Transplantation

Speaker to be determined.

Planning Group: BCI Interest Section

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Understand testing necessary for tissue transplantation; Review therapies that enhance the possibilities of transplanting; Understand the basis of complications of transplantation ie. rejection, graft versus host, and lymphoproliferative disorders.

2429 Work-Up and Management of Mastocytosis

Cem Akin, MD PhD FAAAAI

Fred H. Hsieh, MD

Planning Group: BCI / FADDA Interest Sections

Credit: 1.00 CME / No CE

Upon completion of this session, participants should be able to: Review pathogenesis, diagnosis and management of mastocytosis.

Saturday, March 19, 2005

Oral Abstract Sessions

1:30 pm to 2:45 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Credit: 1.25 CME / 1.50 CE
Session titles, speakers and abstracts to be determined.

2601 Symposium

2:30 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: Allied Health Annual Meeting Program Committee
Credit: 2.00 CME / 2.40 CE

Allergy and Asthma for the Health Care Professional Symposium (Part 1)
An Allergic Disease Focus: The Clinical Implications

Moderator: Cheryl K. Bernstein, RN BSN CCRC
Co-Moderator: Sheldon L. Spector, MD FAAAAI

2:30 Introduction

Cheryl K. Bernstein, RN BSN CCRC

2:35 Understanding Ocular Allergy and Similar Conditions of the Eye

Sheldon L. Spector, MD FAAAAI

3:25 Latex Allergy Update: Is There Still a Problem?

Steven L. Kagen, MD FAAAAI
Patricia J. Markus, RN

4:15 Q&A

Upon completion of this session, participants should be able to: Delineate similar eye conditions as a differential diagnosis of allergic conjunctivitis; Discuss treatment of allergic conjunctivitis and basic therapy of similar eye conditions; Identify current trends in latex allergy; Discuss successful strategies to prevent new epidemics.

2602 Symposium

2:30 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: Allied Health Annual Meeting Program Committee
Credit: 2.00 CME / 2.40 CE

Medical Administrators (MA) Afternoon Symposium

Moderator: Julie N. Stull, MA-HLTH
Co-Moderator: Lisa A. Maxwell

2:30 Introduction

Julie N. Stull, MA-HLTH

2:35 2005 Coding Updates and Changes/HIPAA Updates

Speaker to be determined.

4:15 Q&A

Upon completion of this session, participants should be able to: Understand new coding changes; Review new HIPAA security updates.

2701 Workshop - Hands On

3:00 pm to 4:30 pm
Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. Fee: \$20.

Planning Group: BCI Interest Section / Immune Deficiency Foundation
Credit: 1.50 CME / No CE

Practical Considerations in the Subcutaneous Administration of Immunoglobulin

Moderator: Melvin Berger, MD PhD FAAAAI

Hands-on elements to include:

- Criteria for selection of patients appropriate for subcutaneous immunoglobulin therapy (SCIG) and home treatment
- Equipment needs with hands-on familiarization, and techniques for inserting sub-cu. needles
- Dosing considerations and infusion speeds
- Approaches to transitioning patients from IVIG and SCIG and starting previously untreated patients
- Effective methods to train patients on home administration
- Discussion of appropriate follow-up programs

Instructors:

Melvin Berger, MD PhD FAAAAI
Kimberly A. Duff, RN BSN
Ann Gardulf, MD
Charles H. Kirkpatrick, MD FAAAAI

2702 Workshop - Q and A

3:00 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: RSOD Interest Section
Credit: 1.50 CME / No CE

Eustachian Tube Dysfunction

Moderator: David P. Skoner, MD

3:00 Introduction

David P. Skoner, MD

3:20 Eustachian Tube Dysfunction and Allergy: Medical Perspective

Philip Fireman, MD FAAAAI

3:40 Surgical Perspective

Speaker to be determined.

4:00 Question & Answer

Make your hotel reservations online at:

www.annualmeeting.aaaai.org

Saturday, March 19, 2005

- 2703 Workshop - Hands On**
3:00 pm to 4:30 pm
Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. Fee: \$20.
Planning Group: FADDA Interest Section
Credit: 1.50 CME / No CE
Punch Biopsies: Indications and Implementation
Moderator: Lynda C. Schneider, MD FAAAAI
- 3:00 Indications for Punch Biopsies**
Ernest N. Charlesworth, MD FAAAAI
- 3:45 Hands on Experience with Performing Punch Biopsies**
Vincent S. Beltrani, MD FAAAAI
- 2704 Workshop - Q and A**
3:00 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: FADDA Interest Section
Credit: 1.50 CME / No CE
Office Food Challenges: Practical Approaches
Moderator: Sami L. Bahna, MD DrPH FAAAAI
- 3:00 Determining the Type of Challenge**
Sami L. Bahna, MD DrPH FAAAAI
- 3:20 Determining the Initial Dose for Challenge**
Anna H. Nowak-Wegrzyn, MD
- 3:40 Tips for Blinding Foods**
S. Allan Bock, MD FAAAAI
- 4:00 Question & Answer**
- 2705 Workshop - Q and A**
3:00 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: HCEDQ Interest Section
Credit: 1.50 CME / No CE
Medical Information Management: Controlling the Future of Medicine
Moderator: David L. Patterson, MD MBA
- 3:00 When the Clinician Joins the Healthcare IT Team**
Charles J. Jaffe, MD PhD
- 3:20 The Integrated Digital Health Record**
Speaker to be determined.
- 3:40 Data Mining for Office Based and Population Research**
David A. Stempel, MD FAAAAI
- 4:00 Question & Answer**
- 2706 Workshop - Hands On**
3:00 pm to 4:30 pm
Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. Fee: \$40. Includes ticket to Workshop 4706, Hands-On Rhinologyngoscopy.
Planning Group: RSOD Interest Section
Credit: 1.50 CME / No CE
Introductory Course in Rhinologyngoscopy
Moderator: Jerald W. Koepke, MD FAAAAI
- 2707 Workshop - Hands On**
3:00 pm to 4:30 pm
Pre-registration and ticket required. Attendees without tickets, guests and exhibitors will not be admitted. Fee: \$20.
Planning Group: EORD Interest Section
Credit: 1.50 CME / No CE
Set Up and Operation of a Burkard Pollen/Spore Station
Instructors:
James J. Anderson, MLT
Charles S. Barnes, PhD
- 2708 Workshop - Q and A**
3:00 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: HCEDQ Interest Section
Credit: 1.50 CME / No CE
Quality of Life Measurement Issues in Allergy Research
Moderator: Peter J. Gergen, MD MPH
- 3:00 Why is it Important to Measure Quality of Life in Patients with Allergic Diseases?**
Michael S. Blaiss, MD FAAAAI
- 3:20 Development and Validation of Quality of Life Questionnaires from Asthma and Rhinitis**
Speaker to be determined.
- 3:40 AAAAI Web Site Resource for Quality of Life Instruments: What It Contains and How to Use It**
Javed Sheikh, MD
- 4:00 Question & Answer**
- 2709 Workshop - Q and A**
3:00 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: ADT Interest Section
Credit: 1.50 CME / No CE
Asthma Phenotypes
Moderator: Deborah A. Meyers, PhD FAAAAI
- 3:00 What Have We Learned About Different Asthma Phenotypes?**
Eugene R. Bleeker, MD FAAAAI
- 3:20 Underlying Pathophysiology of Different Phenotypes**
Stephen T. Holgate, MD DSc FAAAAI
- 3:40 Optimal Treatment Strategies for Different Phenotypes**
Sally E. Wenzel, MD FAAAAI
- 4:00 Question & Answer**

www.annualmeeting.aaaai.org

Check it out for Annual Meeting updates

Saturday, March 19, 2005

- 2710 Workshop - Q and A**
3:00 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: HCEDQ Interest Section
Credit: 1.50 CME / No CE
Creating Effective Medical Presentations: Making Your Ideas Come Alive to Others (Beginner)
Moderator: David J. Shulan, MD FAAAAI
- 3:00 Effective Speaking Techniques**
Russell B. Leftwich, MD FAAAAI
- 3:20 Presentation Graphics Software Skills**
Bryan L. Martin, DO FAAAAI
- 3:40 Making Your Presentations Come Alive**
G. David K. Hopper, MD
- 4:00 Question & Answer**
- 2711 Workshop - Q and A**
3:00 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: EORD Interest Section

Speaker to be determined.
- 3:40 The Growing Hazard of Mold Litigation: Is Mold the Next Asbestos?**
Speaker to be determined.
- 4:00 Question & Answer**
- 2713 Workshop - Q and A**
3:00 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: FADDA Interest Section
Credit: 1.50 CME / No CE
Drug Allergy Dilemmas
Moderator: Eric M. Macy, MD FAAAAI
- 3:00 Diagnostic Tests for Antibiotic Allergies**
Mariana C. Castells, MD PhD
- 3:20 Antibiotic Allergy: What's New?**
Roland Solensky, MD FAAAAI
- 3:40 Non-IgE Mediated Drug Reactions**
Mark S. Dykewicz, MD FAAAAI
- 4:00 Question & Answer**
- 2714 Workshop - Panel Discussion**
3:00 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: ADT Interest Section
Credit: 1.50 CME / No CE
Theory and Rationales of Bronchoprovocation Studies in Asthma
Moderator: To be determined.
Topics:
- Adenosine
- Mechacholine
- Exercise
Panelists:
Sandra D. Anderson, PhD DSc
Donald W. Cockcroft, MD
John M. Weiler, MD FAAAAI
- 2715 Workshop - Q and A**
3:00 pm to 4:30 pm
No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.
Planning Group: BCI / MAAI Interest Sections
Credit: 1.50 CME / No CE
G-Protein Signaling in Inflammation: Beyond Beta-Agonists
Moderator: Dhavalkumar D. Patel, MD PhD FAAAAI
- 3:00 New Paradigms for GPCR Signal Transduction**
Speaker to be determined.
- 3:20 Leukocyte Trafficking and Chemokine Receptors in Allergic Lung Inflammation**
Speaker to be determined.
- 3:40 Anti-Inflammatory Effects of PDE4 Antagonism**
Speaker to be determined.
- 4:00 Question & Answer**

Saturday, March 19, 2005

2716 Workshop - Q and A

3:00 pm to 4:30 pm

No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.

Planning Group: BCI Interest Section

Credit: 1.50 CME / No CE

The Role of Histamine in Immune Regulation

Moderator: Marek Jutel, MD PhD

3:00 Histamine as a Mediator of Inflammation

Speaker to be determined.

3:20 Histamine Regulates T cells and Cytokines

Kurt Blaser, PhD

3:40 Histamine 2 Receptors Can Suppress Allergy

Speaker to be determined.

4:00 Question & Answer

2717 Workshop - Q and A

3:00 pm to 4:30 pm

No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.

Planning Group: FADDA Interest Section

Credit: 1.50 CME / No CE

Food Allergy: What's New from the Bench?

Moderator: Scott H. Sicherer, MD FAAAAI

3:00 Animal Models of Food Allergy

Wesley Burks, MD FAAAAI

3:20 Food Allergens

Steve L. Taylor, PhD

3:40 Immunomodulation in Food Allergy

Fred McDaniel Atkins, MD FAAAAI

4:00 Question & Answer

2718 Workshop - Q and A

3:00 pm to 4:30 pm

No ticket required. Admission for Members, Delegates, Press and Exhibitor/Delegates only.

Planning Group: MAAI Interest Section

Credit: 1.50 CME / No CE

TLR and Allergic Inflammation

Moderator: Eyal Raz, MD

3:00 TLR Signaling and Dendritic Cell Activation

Speaker to be determined.

3:20 TLR Activation and Allergic Inflammation

Jean S. Marshall, PhD

3:40 Interactions Between Innate Immune Responses and Allergic Inflammation

Robert P. Schleimer, PhD FAAAAI

4:00 Question & Answer

Your AAAAI Member ID is your key to membership benefits

It's easier than ever to login with the new My Profile feature:

1. Go to www.aaaai.org.
2. Click on Members and then Members Only.
3. Enter your AAAAI Member ID and your first initial with last name.
4. Visit the link to the new *My Profile* section where you can change your login to something that is more familiar to you. If you forget it, just use your AAAAI ID to gain access again.

Don't miss out on:

- Free Teaching Slides
- Committee Profile Pages
- AAAAI Media Link
- Mentor Program
- Dues Payment
- Interest Section and Committee Involvement

Visit www.aaaai.org and see what's new for you and for your patients
