

2021 - 2022 Board of Directors

**President**

Giselle Moshaim, MD, MS, FAAAAI  
NorthShore University HealthSystem  
Evanston, IL

**President-Elect**

David A. Khan, MD, FAAAAI  
University of Texas Southwestern Medical Center  
Dallas, TX

**Secretary-Treasurer**

Jonathan A. Bernstein, MD, FAAAAI  
University of Cincinnati College of Medicine  
Bernstein Allergy Group and Clinical Research Center  
Cincinnati, OH

**Immediate Past-President**

Mary Beth Fasano, MD, MSPH, FAAAAI  
University of Iowa Carver College of Medicine  
Iowa City, IA

**At-Large Executive Committee Member**

Frank Virant, MD, FAAAAI  
Northwest Asthma and Allergy Center  
Seattle, WA

**At-Large Members**

Stuart L. Abramson, MD, PhD, AE-C, FAAAAI  
Shannon Medical Center/Shannon Clinic  
San Angelo, TX

Leonard B. Bacharier, MD, FAAAAI  
Vanderbilt University Medical Center  
Nashville, TN

Paula J. Busse, MD, FAAAAI  
New York, NY

Timothy J. Craig, DO, FAAAAI  
Penn State University  
Hershey, PA

Carla M. Davis, MD, FAAAAI  
Baylor College of Medicine  
Houston, TX

Denise A. DiPrimio-Kalman, DO, FAAAAI  
Nemours/AI DuPont Hospital for Children  
Wilmington, DE

Washington, D.C. 20510

The Honorable Jerry Moran  
521 Dirksen Senate Office Building  
Washington, D.C. 20510

**Re: S.1988, the *Protecting Rural Telehealth Access Act***

Dear Senators Manchin, Ernst, Shaheen, and Moran:

Thank you for your continued leadership in responding to the COVID-19 public health emergency. I write on behalf of the American Academy of Allergy, Asthma, and Immunology (AAAAI) to thank you for your leadership in introducing S.1988, the *Protecting Rural Telehealth Access Act* and to offer AAAAI's support. We urge Congress to swiftly enact this legislation to modernize and expand our healthcare delivery system to support patient access to telehealth services beyond the current pandemic.

Established in 1943, AAAAI is a professional organization with more than 7,000 members in the United States, Canada and 72 other countries. This membership includes board certified allergist/immunologists, other medical specialists, allied health and related healthcare professionals – all with a special interest in the research and treatment of patients with allergic and immunological diseases.

AAAAI's members treat a variety of patients that are at a disproportionately higher risk for serious and potentially life-threatening complications related to COVID-19, including those with compromised immune systems and asthma. AAAAI's members are also uniquely qualified to diagnose and treat seasonal allergies. During this crisis, the ability for our members to utilize telehealth services to differentiate the symptoms of COVID-19 from seasonal allergies has served as a critical tool in both keeping patients from necessary but potentially dangerous visits to their doctor and relieve the bandwidth issues expected at physician offices, urgent care centers, and emergency rooms across the country as the virus continues to spread. Telehealth waivers and flexibilities have also allowed allergists to increase their reach to more distant and rural communities improving access to care.

**(more)**

Through the Centers for Medicare and Medicaid Services' (CMS) numerous virtual care and telehealth flexibilities offered through recent rulemakings related to the COVID-19 pandemic, AAAAI members report increased patient uptake of telehealth and virtual technology platforms that are helping them diagnose, treat, and manage the care of Medicare and Medicaid patients with allergies, asthma, and other respiratory and immunologic diseases.

Given AAAAI members' positive experiences with telehealth, our organization especially appreciates the provisions in the *Protecting Rural Telehealth Access Act* that would provide payment-parity for audio-only health services for clinically appropriate appointments and waive permanently certain geographic restrictions on telehealth services and expand originating sites to include the home and other sites.

Thank you for your leadership in introducing legislation to ensure flexible patient access to care through telehealth services. The AAAAI looks forward to working with you to advance the *Protecting Rural Telehealth Access Act* in the 117<sup>th</sup> Congress.

As issues related to allergies, asthma, and immunological disorders arise, I encourage you to contact Sheila Heitzig, JD, MNM, CAE, AAAAI Director of Practice and Policy, at (414) 272-6071 or [sheitzig@aaaai.org](mailto:sheitzig@aaaai.org) if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Giselle Mosnaim MD/MS FAAAAI". The signature is written in a cursive, flowing style.

Giselle S. Mosnaim, MD, MS, FAAAAI  
President, American Academy of Allergy, Asthma & Immunology
